

**REMARKS**

In reviewing the specification, Applicants noted that at page 18, the definition for R had been omitted.

This definition is in original claim 11 as filed at pages 187/188. Regarding claim 11 at pages 186-190, it can be seen claim 11 substantially identically parallels the specification regarding the material which begins at page 17, line 1 at [11] and continues over to page 21, line 9.

Respectfully submitted,
